

Art in the Park!

The 2nd Annual Art in the Park and Midtown Visions drew record crowds and artists vowing to return to the same ideal locations next year. Over 600 visitors strolled among old oaks in Baldwin Park, enjoying a variety of fine art and crafts.

Art Square Studios ushered 1,000 people through their doors, a record-making day, giving visitors the opportunity to tour studios and see artists at work.

Precinct 7 constables were on hand as were area businesses and Ponzo's Italian restaurant; a comfortable mix for vendors and shoppers. Merchandise sales exceeded \$10,000. A special thanks to sponsors PrimeWay Credit Union, METRO Midtown, Central Bank and Camden City Centre.

Art Cars join in, too, as was another mode of transportation, the debut of REV (Ride Electric Vehicles) Houston —Justin Jones and Erik Ibarra's electric, eco-friendly vehicle.

Artists wishing to reserve space for next year's Art in the Park may contact Cynthia Alvarado at cynthiiaa@houstonmidtown.com. Sign up for the Midtown newsletter to receive weekly updates and dates for next year's event, houstonmidtown.com.
